

HOW TO DOUBLE YOUR INCOME EVERY 2 YEARS

Proven Methods by Matt Curtis of Matt Curtis Real Estate, Inc.

*"Knowledge is NOT power,
APPLIED knowledge is power."*

ERIC THOMAS

You will double your income every TWO years by taking the time to LEARN for 1 hour per day in your chosen profession. How you spend that 1 hour is up to you. Here are a few ways I CHOOSE to learn daily:

- Reading
- Podcasts
- Training
- Conferences
- Taking a Mentor to Lunch

A KEY step while engaging in one of these is actively taking notes on what you are reading/hearing. By taking notes, you are able to reference to that experience. Study these notes and then APPLY them! At Matt Curtis Real Estate, we call this process "Personal Development."

Your Guide to Personal Development

STEP 1

Read 1 hour per day in your chosen profession

STEP 2

Be disciplined and finish each study chosen daily

STEP 3

Study the material - know it inside and out

STEP 4

Apply the material - become a master of that topic so you can teach others what you have learned
